Internship

- **Physical Research Laboratory (ISRO/DoS), Ahmedabad, Gujarat** Jan'26-Jun'26 (On-site)
"Worked within a prestigious research institution, applying theoretical knowledge to real-world scientific challenges. Gained valuable exposure to a disciplined and professional research environment, enhancing both technical and analytical capabilities."
- **Oil And Natural Gas Corporation Limited, Vadodara, Gujarat** May'25-Jun'25 (On-site)
"Gained hands-on experience working in an industry-grade environment under the guidance of ONGC professionals, contributing to a real organizational need with a reliable and user-friendly solution. Strengthened my skills in problem-solving and creating practical digital solutions that support large-scale operations."
- **Adept Digital Private Limited, Vadodara, Gujarat** May'24-Jun'24 (On-site)
"A hands-on Web Development Internship, where I gained strong practical and technical skills by integrating front-end and back-end concepts while collaborating effectively with the team. This experience significantly sharpened my problem-solving abilities and strengthened my foundation in full-stack development."

Technical Skills

- **Programming Languages:** C/C++, Java, Python
- **Technical Skills:** Linux (Ubuntu), SQL, DSA, MERN Stack, Machine Learning
- **Soft Skills:** Team Work, Adaptability, Decision Making, Problem Solving

Projects

- **PlaceMate (MERN, RAG for Chatbot)**
"PlaceMate is a centralized placement management platform designed to streamline interactions between students, faculty, and recruiters. It provides student profile management and real-time application status updates. The system enhances transparency, reduces manual coordination, and simplifies the entire placement workflow for university. It also provides Chatbot feature where students can clear their doubts."
- **Annual Work Program (AWP) Web Portal Development (MERN) (ONGC)**
"AWP is a data management system designed to simplify record handling through an intuitive interface and streamlined workflows. It enables users to add, update, view, filter, and delete records with accuracy and ease."
